

# Kepala Pet Resort

## & Canine Country Club

Kepala Canine Country Club has been established for dogs and their owners as a place where they can come and enjoy private facilities and fun activities. There are two in ground swimming pools, off leash grass areas, agility area and sand run, catering for different requirements of dogs.

The Lagoon Outdoor pool is solar heated constructed to recreate a natural environment surrounded with artificial rocks and plants. There is a shallow entry for dogs to enter and walk into. It has been designed for dogs who love to splash and play as they would at the beach or river. Owners can throw a ball or sit and relax while their dogs swim.

The Indoor pool is fully heated all year round partly raised with ramp access in and out of the pool. It has been purposely designed for dogs who require rehabilitation from injury, pre and post-surgery, general muscle building or for those who just love to swim. All indoor pool users must be previous customers otherwise a swim lesson/assessment with Annie is required. New dogs start their lessons with life jackets and once they gain confidence the vest is removed. Annie can be contacted on 0457 284 690. Additional charges apply.

The Activity Areas include two large grass runs, an agility area and large sand run. All these runs are fully fenced and secure off leash areas, doggies must be on a lead at all times outside of these areas.

Bookings are required to use the country club, when you make a booking the area is for your private use only. All bookings are best made over the phone to ensure your place is secured.
